broome western australia

“A little over an hour by road
from Broome in Western
Australia and a million miles
from anywhere you have ever
been before”

better learning, better thinking, brighter future

Team building - strategic planning - business relationships - communication - corporate values & visions - leadership development - workshops - cross cultural training - reward & inspiration

The retreat features 55 luxury guest rooms, an infinity edge pool, ocean front bar and restaurant and has been designed in such a way that it has minimal impact its breathtaking natural surrounds. The retreat can facilitate conferences, group meetings and team adventures for up to 150 delegates.

Choose from an inspiring range of venues including our air conditioned conference centre which offers some of the finest coastal views in Western Australia. We also offer professional conference facilitation and can tailor workshops to resolve specific issues within your business or organisation.

Activities at Eco Beach suit all ages and abilities and actively encourage team building and a respect for the natural environment.

Gourmet cuisine is provided by our world class chef who will enchant your delegates with incredible dining experiences such as gala events with live entertainment, beach BBQs, sunset cocktail parties and secluded dinners at Jack's Creek.

The remote yet accessible location of Eco Beach Wilderness Retreat provides a captured environment where delegates are free from the distractions associated with city venues. Our resort facilities ensure your guests can relax and unwind amongst a perfect blend of luxury and the wilderness.

Dragonfly 1	80	30	30	20	80	60
Dragonfly 2	40	20	20	15	40	30

Jack's Bar & Restaurant

Open air venue with a supreme ocean front position and a capacity of up to 150

Venue	Theatre	Classroom	U Shape	Boardroom	Cocktail	Banquet
Jack's Bar & Restaurant	150	60	40	-	150	150

Additional breakout space

Eco Beach Wilderness Retreat offers 24 luxury Villas, all of which can comfortably accommodate 6 people in a boardroom set up.

Retreat grounds, secluded beach locations and other unique venue options:

For an event with a difference why not consider one of our beautiful lawn areas which occupy stunning ocean front positions and have far reaching views across the Indian Ocean. Both lawns are conveniently located within the resort and can comfortably accommodate up to 100 guests.

Eco Beach is blessed to have exclusive access to over 15kms of pristine beaches and untouched wilderness. Why not consider one of our secluded beach locations for a truly unforgettable function.

experience eco beach

Our enviable list of activities can encompass relaxation, adventure, traditional culture and an incredible array of wildlife. These activities are designed to suit your individual requirements and meet your corporate goals. All can be tailored to reward individuals or actively promote team building.

Activities include:

Traditional culture

- Welcome To Country greeting by traditional elders
- My Country tour, incorporating traditional hunting, fishing and mud crabbing
- Guided bushwalks featuring insights into traditional bushtucker

Relaxation

- Massage therapy featuring 12 different massage styles
- Meditation
- Yoga (studio or beach)
- Unrivalled beach walks

Adventure

- Ocean kayaking
- Game, beach and creek fishing
- Orienteering
- Mud crabbing
- Treasure hunts
- Beach Olympics/sports

Wildlife

- Whale watching cruises
- Nesting turtle tours
- Bird watching

Other

- Sunset catamaran cruises
- Scenic flights and helicopter tours

We can also arrange “corporate responsible days” where delegates can take an active role in social and environmental projects at the retreat such as sand dune rehabilitation, local community school projects and assisting with turtle monitoring programs.

committed to ecologically sustainable tourism

At Eco Beach we take our environmental responsibilities seriously and we are proud to be at the forefront of ecologically sustainable tourism, in both Australia and the world.

Energy

- Our hybrid power system is the first of its kind in the southern hemisphere and one of only three in the world.
- Eco Villas are solar powered and virtually self sustaining, generating 3kw of power from the sun. Excess power generated by the solar panels is diverted into the Eco Beach grid and used where needed.
- All air conditioning systems use 50% less power than standard air conditioning systems
- Eco Villas contain the latest in energy monitoring systems allowing guests to monitor and adjust their individual energy consumption throughout their stay.

Design

- The patented designs of our Eco Villas and Eco Tents ensure they capture the best of the afternoon breezes, ensuring maximum ventilation and encouraging minimal use of fans and air conditioning.
- Over 1km of elevated boardwalks link all the Eco Villas at the retreat ensuring minimal impact on the natural surrounds.
- All boardwalks, verandahs and Eco Tent floors are made from “Eco Decking” - a composite wood decking which contains recycled polypropylene plastics and wood bi-products.

Operational

- We are aiming to provide our restaurant with 20% of it's vegetables and herbs from the retreat's private gardens. Waste food scraps are composted to fertilise the grounds and gardens.
- All bathroom cosmetics are made from natural products. Cleaning products are made from biodegradable materials.
- Waste water at the retreat is recycled and used to water the landscaped grounds.
- Our paper products are made from recycled stock and meet ISO 14001 Environmental standards.

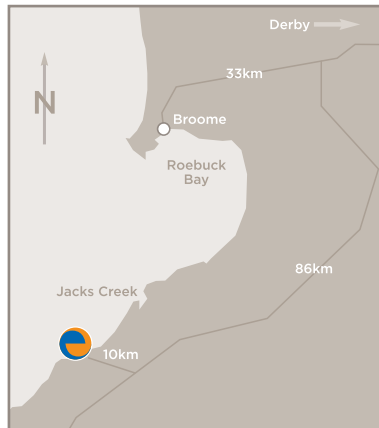

Activities

- Massage treatments all feature natural essential oils.
- Our activities are wilderness based and encourage appreciation and respect for the natural environment and indigenous cultures.
- Our fishing tours actively promote catch and release methods.
- Nature and cultural guides are readily accessible to guests.

People and Conservation

- We operate an Indigenous training and employment program with a goal to have 20% indigenous employment at the retreat by 2011 rising to 30% by 2015.
- Eco Beach is involved with and supports local organisations and programs that benefit the social and cultural development of the community and region.
- Eco Beach sponsors and assists Conservation Australia with a turtle nesting program at the retreat for 3 months each year.
- Eco Beach has an ongoing native tree and bush rehabilitation program in association with TAFE and has already planted over 5000 native trees.

All activities and services mentioned in this brochure are subject to availability at time of booking and may be weather/tide dependant. All information in this publication is correct at time of printing.

We will arrange transfers to Eco Beach for your group and can collect delegates from Broome airport or from your chosen pick up location/s in town. Travel time from Broome to Eco Beach by road is approximately 1.5hrs. Transfers can be arranged by shuttle bus (1.5hrs), sailing catamaran (2hrs), power boat (40mins) or helicopter (15mins). Delegates may also self drive. Transfer prices POA
